(the Ballet Theater class may not be taken by itself)

Our early dance education specialist Donna Florida teaches this class with an assistant. The class will focus on scene studies from some of the classic story ballets such as *Cinderella*, *Coppelia*, *Sleeping Beauty* and *The Nutcracker*. The children will experience the choreographic process while studying and performing the roles of characters from these ballets. Costumes are an integral part of the class.

Snack is provided at the beginning of the theater class. The second class is designed for those who are looking for further enrichment without taxing a young child's attention span.

***Class size limited to 12 students***
