(Class size limited to 8 students)

The class is taught by Donna Florida, our early
Dance Education Specialist

She has been teaching young children for over three decades and is certified by the American Dance Guild in Early Childhood Creative Movement and by ABT's teacher training program. She also has extensive training in the fine arts and uses her creative talents in conjunction with the program. The children will be exposed to some of the great classical story ballets and wonderful classical music while exploring their own creative potential. They will learn some basic ballet vocabulary and positions as well as basic movement concepts in dance, in a loving, nurturing atmosphere. Costumes and props are used in every class.
